Extraordinary Motions

Adjournment

I. Forewords:

Reflecting on 2023, the key focus in the bicycle industry has been inventory reduction. During the pandemic, the industry benefited from a surge in orders due to social distancing requirements and government subsidies for purchases. However, with the pandemic lockdown lifted, supply chain issues eased, purchasing power impacted by inflation and war, and optimistic ordering decisions made repeatedly during the demand surge, the industry faced an overstock situation, which quickly turned into operational headwinds and shrouded the entire bicycle sector in a pessimistic atmosphere.

Looking ahead to 2024, it is foreseeable that inventory adjustments will continue to trend in a positive direction, and it is expected that inventory levels will eventually return to a reasonable baseline, gradually reaching to a normal supply-demand equilibrium. This year, the key operational goals will be to focus on managing inventory replenishment, controlling cost increases caused by inflation, and ensuring accounts receivable recovery and a healthy cash flow. The Company is convinced of the philosophy “challenges will bring about changes, and innovation will eventually bring about the leap”. In the face of headwinds in the business circumstances, the Company will continue to promote various improvements under the established management structure to sustain in the industry adjustment period in the recent quarters with an expectation to restore operations to the positive trend enabling stable growth. The Company is also convinced that ongoing innovations and daring changes may bring forth positive effects, creating long-term investment value for all shareholders.

In 2023, the Company adopted “stable order acceptances, maintaining growth, lean management, and continuous improvement” as the operating goals. To better align with changes to orders in the market, the Company continued to conduct necessary investments, enhancing its overall competitiveness through strengthened product innovation and promotion of ESG sustainability to maintain operational resilience and to seize opportunities in the subsequent economic recovery. The conducts include the following orientations:

1. **Regulations of Production Capacity:** In response to order changes, the Company frequented communication with clients on shipment status, made production capacity adjustments in a timely manner, continued reviews and improvement over production line equipment, materials, personnel and Company environment, and promoted measures inclusive of manufacturing process refinement, work hours review, replacement of equipment, staffing moderation, etc., all of which have achieved results. Furthermore, in line with this wave of inventory adjustments, various production responses have been performed to avoid the impact of circumstances.
2. **Product Development:** The Company continuously reviewed the composition of the product line, developed and launched a number of new products, strengthened collaborative development with clients, and actively conducted correspondences for the introduction of new products. In 2023 a variety of new hydraulic disc brakes, handles, seat tubes, rim hubs and more have been launched and have been widely adopted by clients, with acclaims received. Furthermore, the Company continued its investment in the area of high-end products, which contributed to the growth of gross profit and market share of the Company's product portfolio.
3. **Enhancement in Manufacturing process:** With the improvement of manufacturing process capability and products of local contents prioritized, the Company raised its investments in manufacturing process by purchasing high-precision processing machines, forging and casting production equipment, quality inspection equipment and other machines on a regular basis and continued introduction of various automation equipment and systems. The Company also collaborated with major clients in establishing multiple dedicated production lines and improvement of production technology to increase product yield.
4. **Excellence in Management:** The Company proceeded with its verifications for various ISO management systems in conjunction with the introduction of ERP and HR management systems as means of its ongoing improvement over various operating procedures and strengthening of organizational communication and quality management. Moving towards the vision of ESG sustainability, the Company conducted various measures emphasizing friendliness to the environment, fulfillment of corporate social responsibilities and strengthening of corporate governance including completion of ISO-14064 carbon inventory, promote environmental protection and waste reduction, implementation of energy conservation and the use of renewable energy, afforestation for reserves of carbon sinks and biodiversity. The Company also joined external organizations such as the Bicycling Alliance for Sustainability (BAS) to exert the industrial strength in the promotion of ESG.

5. Improvement in Operations: The Company continuously reviewed and monitored the operational efficiency oversee financial operations of each business unit for strengthened competitiveness, and improvement in ESH measures and factory planning to strengthen operational efficiency. Profitability and improvement effects have been noticeable in each business unit.

6. Cross-Industry Alliance: By utilizing in-house engineering and manufacturing capabilities, the Company has sealed cross-industry cooperation and orders. Through cross-industry alliances, the Company continues to improve technological development and increase operational prospects, thereby seeking the possibility of reciprocal development.

Spare parts such as brake, seat post, stem, etc.	30,000 thousand Pieces

Note: The above figures are the Company's individual data.

(II) Management Guidelines and Production and Sales Policies in 2024 are as follows:

- 1. "Moderating Operations, and Controlling Risks":** The high uncertainty of the macro-economy is expected to influence the industry throughout the year. The supply chain is in the order adjustment period with turmoil and is faced with pressure from changes resulting from sharp decline in operations coupled with high inventory, unused production capacity, and tight cash flow. In response to the challenges above, the Company will adjust production capacity in a timely manner, strengthen inventory control, control various procurement and costs, and continue to follow the trends of key accounts. With the solid adjustments in the trends impeding industry growth, the Company manages to maintain its competitive edges.
- 2. "Setting Goals and Stabilizing Profits":** The Company sets its annual business goals at a more proactive manner, by strengthening its business momentum and order acceptance, guided by the goal of increasing revenue, secure new orders once this wave of inventory adjustments is complete, maintain consistent profitability, and capitalize on opportunities for economic recovery.

3. **“Product Innovation for Increased Margin”**: The Company will continue to innovate for its products and development processes, with the target to increase the proportion of high value-added products and to expand the market share of mid-to-high-end parts. Meanwhile, under the global trend of spending inhibition, the Company intends to stimulate sales by launching new products.
4. **“Brand Marketing for Enlarged Market Share”**: Through promoting the own brand “PROMAX”, the sales of new products is expected to be driven, thereby increasing the market share and product margin. The Company, eyeing the great business opportunities in mending and repair, also intends to establish more mending and repair and after-sale service locations under the brand by cooperating with major channels; in recent years, the Company has gained brand awareness through sponsorship of internationally renowned cycling teams, whilst collecting feedbacks from competitive riders concerning the use of our products as reference in subsequent product improvements and future development orientations.
5. **“Increased Cooperation and Excelling Technologies”**: The Company continues to deepen its cooperation and dependence relationship with internationally renowned finished bikes and parts brands by collaborating in the development of new products. In the meantime, the Company establishes dedicated production lines to increase the breadth and depth of developed items for comprehensive escalation of product technology.
6. **“Cross-Industry Collaborations and Proactive Transformation”**: In recent years, the Company has engaged in cross-industry collaborations to seek more development opportunities, whose results have been progressively evident. By undertaking cross-industry product orders, the Company may improve its manufacturing capabilities and in the meantime strengthen operation outlook for opportunities other than bicycle-related businesses.
7. **“Talent Cultivation and Advocating Sustainability”**: As a means to lay foundation to the Company’s sustainable development, the Company continues to cultivate talents and improve employee benefits through increasing the organizational efficiency and fostering future development momentum. In response to the global commitment to implement green initiatives such as carbon neutrality, net zero carbon emissions to combat greenhouse effect and extreme climate, the bicycle industry focuses on carbon reduction practices from production to sales, and has listed ESG as a key point. The Company at the forefront of industrial carbon reduction continues to promote compliance with energy-saving and carbon-reduction requirements in its corporate environment, promotes the implementation of

low-carbon environmental protection in its R&D, manufacturing processes and sales, and actively assists clients and supply chains to promote ESG sustainable goals.

IV. Future Development Strategies and Effects by Industrial Circumstances:

(I) Future Development Strategies of the Company:

- 1. Concurrent development of own brand and OEM:** strengthen the innovation and R&D of bicycle products, meet consumer demand, provide cyclists with the best product experience and create product value, becoming an industry leading bicycle component supplier.
- 2. Innovation of products and introductions of new materials and manufacturing processes on a sustained manner:** Besides continuing to implement the applications on bicycle components, pursue technological leadership, and extend the applications to related products such as electric cars, motor vehicles, 3C technologies, etc., to expand sales % on new business and new markets.
- 3. Consolidate the Group's resources, create production advantages:** become a world-class professional manufacturing plant, make the most of local resources, continue to consolidate the supply chain, take active actions in meeting customer demand, and build a production environment that meets the needs of customers.
- 4. Stable profitability, sustainable operation:** pursue profitability and stable growth for the Company, increase operational efficiency, establish core competitiveness such as talent cultivation and corporate culture; through uniting the organization, inject quality culture, and implement operational sustainability.

(II) Effects by external competitions, regulation and macroeconomic circumstances on the Company:

1. As a response to global climate change, countries are adapting their energy policies and embracing initiatives such as establishing more bicycle lanes and promoting urban bicycle sharing. This encourages consumers to opt for eco-friendly transportation methods and use bicycles, thus contributing to reducing carbon emissions. The industry's promotion of cycling can also provide opportunities for carbon rights deductions or trades, presenting a promising aspect to look forward to.
2. Under the impact of high tariffs under the trade barriers adopted by various countries and the evolution of deglobalization, the industry has also adapted itself to a short-chain supply system. Based on factors such as tariff avoidance or seeking proximity to the target sales

markets, major brand clients have also successively diversified countries engaged in manufacturing of products sold to US and European countries. Such initiative also affects the deployment of production of the bicycle industry chain, in which Mainland China was the hub. The future regional restructuring of the overall bicycle supply chain is worth observing.

3. Uncertain factors such as inflation, interest rate hikes, and wars have impacted the economic outlook, resulting in a decline in purchasing power. It is necessary to pay close attention to whether the stagnant sales phenomenon continues, which will affect whether the bicycle inventory can be sold smoothly, and observe the large proportion of output in the past. Whether the market sales of mid- to low-end vehicles can return to stability, thereby stimulating demand for new products, and strive to maintain stable production capacity amid the ebb and flow of growth.
4. In recent years, new modes of transportation such as shared bikes and shared electric scooters promoted by various countries have changed the urban transportation pattern and impacted the traditional bicycle market. However, the promotion of green transportation and health awareness has led to the rapid development of high-end bicycles and electric-assisted bicycles (E-BIKE), which in recent years has become a new wave of growth niche for the industry, and the integration of E-BIKE and AI smart technologies may also The integration of e-bike and AI smart technology may also push the industry to innovate again, and the industry must grasp the opportunity to grow again.
5. Countries have proceeded with their promotion of carbon inventory and have established legal bases for levying carbon fees. The collection of carbon border tariffs a.k.a. the “green inflation” will pose great impact on Taiwan’s manufacturing-based industries. The initial scope of application will expand from upstream products such as steel, aluminum, and cement to downstream products, making carbon reduction no longer an option for enterprises but a must for future competitiveness. In addition, scarcity of resources driven by inflation has become the norm. Coupled with manufacturing bottlenecks such as lack of labor and rising raw materials, this will inevitably bring more operational challenges to industries that need to stabilize production costs.

With the above internal and external changes and impacts, the Company strongly believes that challenges are definitely accompanied with opportunities. Through strong management and continuous advancement, we will grasp market demand to reflect our sales & operations. The Company is optimistic of its future development, and will continue to achieve great performance in return for the support of the shareholders. We earnestly request every shareholder to continue to support us, for the continued growth of the Company. Thank you!

We wish you all good fortune and great health.

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Lee Chi Enterprises Company Ltd.

Opinion

We have audited the accompanying parent company only financial statements of Lee Chi Enterprises Company Ltd. (the "Company"), which comprise the parent company only balance sheets as of December 31, 2023 and 2022, and the parent company only statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the parent company only financial statements, including material accounting policy information (collectively referred to as the "parent company only financial statements").

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the parent company only financial position of the Company as of December 31, 2023 and 2022, and its parent company only financial performance and its parent company only cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagement of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent company only financial statements for the year ended December 31, 2023. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter identified of the parent company only financial statements for the year ended December 31, 2023 is stated as follows:

Revenue Recognition

The Company's operating revenue mainly comes from the manufacturing and sale of bicycle components. The operating revenue significantly decreased due to the changes in market demand for bicycle components in 2023 compared to the previous year. However, the revenue from specific customers was significant to the overall operating revenue. We identified the validity of recognition of the revenue from specific customers as a key audit matter. For the accounting policy on the revenue recognition, refer to Note 4 to the parent company only financial statements.

The main audit procedures that we performed in respect of revenue from the specific customers included the following:

1. We evaluated the design and implementation of the related internal controls on revenue recognition and tested the operating effectiveness of the related controls.
2. We selected samples from the specific customers' subsidiary ledger of sales revenue, to verify related documents and receipts of payment and confirm the validity of revenue recognition.

Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that

a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision, and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements for the year ended December 31, 2023 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Li-Wei Liu and Ting-Chien Su.

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Lee Chi Enterprises Company Ltd.

Opinion

We have audited the accompanying consolidated financial statements of Lee Chi Enterprises Company Ltd. (the "Company") and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "consolidated financial statements").

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter identified in the Group's consolidated financial statements for the year ended December 31, 2023 is stated as follows:

Revenue Recognition

The Company's operating revenue mainly comes from the manufacturing and sale of bicycle components. The operating revenue significantly decreased due to the changes in market demand for bicycle components in 2023 compared to the previous year. However, the revenue from specific customers was significant to the overall operating revenue. We identified the validity of recognition of the revenue from specific customers as a key audit matter. For the accounting policy on the revenue recognition, refer to Note 4 to the consolidated financial statements.

The main audit procedures that we performed in respect of revenue from the specific customers included the following:

1. We evaluated the design and implementation of the related internal controls on revenue recognition and tested the operating effectiveness of the related controls.
2. We selected samples from the specific customers' subsidiary ledger of sales revenue, to verify related documents and receipts of payment and to confirm the validity of revenue recognition.

Other Matter

We have also audited the parent company only financial statements of Lee Chi Enterprises Company Ltd. as of and for the years ended December 31, 2023 and 2022 on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2023 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Li-wei Liu and Ting-Chien Su.

- Article 2: Shareholders (or proxies) shall attend shareholders meetings by wearing their attendance cards or handing in their sign-in cards.
- Article 3: Attendance at shareholders meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the sign-in cards handed in plus the number of shares whose voting rights are exercised electronically.
- Article 4: Shareholders meeting shall be chaired by the chairman of the board of directors except as otherwise provided in the Company Act. When the chairman of the board is on leave or for any reason unable to exercise the powers of the chairman, the vice chairman shall act in place of the chairman; if there is no vice chairman or the vice chairman also is on leave or for any reason unable to exercise the powers of the vice chairman, the chairman shall appoint one of the directors to act as chair. Where the chairman does not make such a designation, the directors shall select from among themselves one person to serve as chair.
- If a shareholders meeting is convened by a party with power to convene but other than the board of directors, the convening party shall chair the meeting.
- Article 5: This Company may appoint its attorneys, certified public accountants, or related persons to attend a shareholders meeting in a non-voting capacity. Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands.
- Article 6: The entire proceedings of a shareholder meeting shall be recorded on audio or video tape, and the recordings shall be preserved for at one year.
- Article 7: The chair shall call the meeting to order at the appointed meeting time. However, when the attending shareholders (or proxy) do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned.

Article 8: If a shareholders meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders meeting convened by a party with the power to convene that is not the board of directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting. If the chair declares the meeting adjourned in violation of the rules of procedure, a new chair may be elected by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

After the meeting is adjourned, the shareholders shall not elect another chairperson to resume such meeting at the same location or seek an alternative venue.

Article 9: (Delete).

Article 10: Before speaking, an attending shareholder (or proxy) must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair. An attending shareholder (or proxy) who submits a slip of paper but does not speak at the meeting is deemed to have not spoken. In the event of any inconsistency between the contents of shareholder's speech and those recorded on the slip, the contents of shareholder's speech shall prevail. When an attending shareholder is speaking at the meeting, no other shareholder shall interrupt the speaking shareholder unless otherwise permitted by the chairperson and such speaking shareholder; the chairperson shall stop any such violations.

Article 11: Unless otherwise permitted by the chairperson, a shareholder (or proxy) may only speak, up to two times, on a single proposal, each time no more than five minutes in length. The chairman may stop the speech of any shareholder that is in violation of the preceding paragraph or exceeds the scope of the proposal.

Article 12: In the event that a juristic person is entrusted to participate in a shareholder meeting, that juristic person may appoint only one representative to participate in the meeting. If a shareholder who is a juristic person appoints two or more representatives to

attend the meeting, only one representative may speak on any given proposal.

Article 13: After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.

Article 14: When the chair is of the opinion that a matter has been sufficiently discussed to a degree of putting to a vote, the chair may announce the discussion closed and bring the matter to vote.

Article 15: Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of the Company. The voting results shall be announced at the meeting and recorded in writing.

Article 16: During the process of the meeting, the chairperson may announce a recess at an appropriate time.

Article 17: Except as otherwise provided under the Company Act or the Company's Articles of Incorporation, a resolution shall be adopted with the approval of more than one-half of the votes of the shareholders (or proxy). If, in the course of the vote, no objections are made by the shareholders present after inquiry by the chairperson, such proposal is deemed to be adopted with the same effect as if it had been adopted through a voting process.

Article 18: When there is an amendment or an alternative to a proposal, the chair shall decide the order in which they will be put to a vote. When one among them is duly resolved, other issue(s) is (are) deemed to have been vetoed and no voting process is required.

Article 19: The chair may direct patrol personnel (or security personnel) to assist in maintaining the order of the meeting. When proctors (or security personnel) help maintain order at the meeting place, they shall wear an identification card or armband.

Article 20: Matters not covered in the Articles of Incorporation shall be handled in accordance with the Company Act and other relevant laws and regulations.

Article 21: These Rules and any amendments hereof shall be put into enforcement after being resolved at the shareholder meeting.
